THE SUMMER EDIT

1. Around two billion T-shirts are sold every single year, making it one of the most popular items of clothing in the world.

SUMMER FASHION

1. CHOOSE NATURAL FIBERS TO BEAT THE HEAT

When it comes to fabrics, choose lighter options like cotton, rayon and linen. Breathability is key when the sun comes out to play!

2. EMBRACE LOOSE, FLOWY STYLES

Try a fashion-forward ruffled top that skims your body. You can even wear it to work topped with a blazer or cute cardigan.

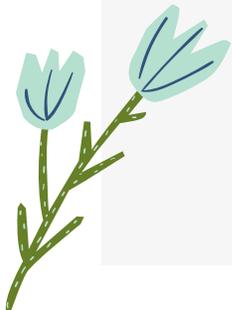

3. WHITE SNEAKERS FOR THE WIN

Clean white sneakers are happening this summer—and you can pair them with everything from jeans to sundresses to a mini. Cute and comfy!

COLORS OF SUMMER

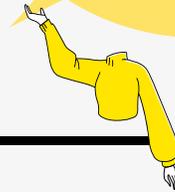

Summers in general, contain high amounts of yellow and blue or violet in their natural coloring. These warm skin tones are balanced by light cool or "ashy" hair colors and light cool eye colors.

THE SUMMER EDIT

Interior design requires creative designers who are informed and familiar with the broad areas of modern science and technology to develop the interior design.

INTERIOR TIPS

Patterns & Palettes

Summer is all about out with the old and in with the new. Patterns designed to stand out and bold colors can create an interior that not only stands out from the crowd, but offers an elegant and enjoyable place to relax at the same time. Floral designs, striking patterns and feature walls can be mixed and matched with wall colors, flooring styles and simple furniture to great effect. The more creative the better!

GET OUTDOORS INDOOR

Summer is all around us making the perfect excuse for homeowners to garnish their homes with flowers and plants. Whether freshly picked from the garden or at a garden center, plants and flowers can bring real life to any interior. Situated near windows, flowers can flourish in the summer sun creating a real summer aroma and beautiful setting.
